25X1

25X1

1. The landing field of the Koelloda (H 52/J L9) airfield was being farmed on 21 and 22 August 1950. The debris of former hangars was in the northwestern corner of the field. The spur track was damaged. \*

25X1

- \*                      Comment. The condition of the former airfield has not changed since 1948. There are no indications of intended reconstruction.
